SYLLABUS FOR CLASS 10

NOF INTERNATIONAL SCIENCE OLYMPIAD

We have meticulously selected questions from all the essential topics in the Class 10 Science syllabus to provide a comprehensive preparation tool for Olympiad exams. The chapters covered include “Chemical Substances “The Living World,” “Natural Phenomena”, “Effects of Current”, “Natural resources”, “Scientific Observations” and “Advanced Science”. Each multiple-choice question (MCQ) is designed to test your understanding of fundamental concepts and your ability to apply them in different scenarios. They challenge you to think critically and apply your knowledge in novel ways, which is crucial for success in Olympiad exams. Each question is designed to test various cognitive levels, from recall of facts to higher-order thinking skills like analysis, synthesis, and evaluation.

NOF INTERNATIONAL CRITICAL THINKING OLYMPIAD

Critical thinking is the intellectually disciplined process of actively and skillfully conceptualizing, applying, analyzing, synthesizing, and/or evaluating information gathered from, or generated by, observation, experience, reflection, reasoning, or communication, as a guide to belief and action. In its exemplary form, it is based on universal intellectual values that transcend subject matter divisions: clarity, accuracy, precision, consistency, relevance, sound evidence, good reasons, depth, breadth, and fairness.

It entails the examination of those structures or elements of thought implicit in all reasoning: purpose, problem, or question-at-issue; assumptions; concepts; empirical grounding; reasoning leading to conclusions; implications and consequences; objections from alternative viewpoints; and frame of reference.

Critical thinking -- in being responsive to variable subject matter, issues, and purposes -- is incorporated in a family of interwoven modes of thinking, among them: **scientific thinking, mathematical thinking, historical thinking, anthropological thinking, economic thinking, moral thinking, and philosophical thinking**
